

# SEATABLE<sup>UK</sup>

Specialising in Educational Furniture, Leisure & Dining Solutions

Surpassing Expectation

## Welcome

Seatable UK Ltd are a dedicated contract furniture company striving to help create inspirational dining, learning, working and socialising environments within all sectors.

We believe that through our range of products and services we can help transform your space to its maximum potential. Our business is built around not just the passion and care for the quality of services and products we offer but the job satisfaction of our loyal and long serving employees who are key to our success.

# Our Experience

Using our experience in the contract furniture industry, we will help you design and develop a range of bespoke items, to help get the look you want.

We work in partnership with some of the best manufacturers in Europe to make sure that regardless of size we have the right solution for your project.

Seatable are a concept to completion company; from design to delivery and believe that we will be judged by our customers desire for the services and products we offer.

# Products & Zones

Seatable UK Ltd provide a comprehensive range of chairs, stools, soft seating, tables and Banquette Seating that are suitable for all commercial environments, for example schools dining, colleges, offices, hotels, bars, restaurants, cafes and breakout areas.

Working closely with a wide range of suppliers, architects and designers, providing contract furniture along with a full 'supply and installation service'.

# Services

We offer a FREE design service using 2D (3D on request) planning with full project management to help you envisage your scheme.

- This includes a FREE site survey, consultation and space planning.
- We also offer a range of flexible leasing options.
- Many of our items are immediately available from stock.
- In line with our environmental policy, we are happy to remove and recycle your old furniture.
- Providing contract furniture along with a full 'supply and installation service'.
- Seatable meet all criteria for public sector procurement, including ISO 9001:2008, Investors in People, Altius and Safe Contractor.
- All our sales, delivery and installation staff are DBS checked and our site supervisors hold the appropriate health and safety accreditations.

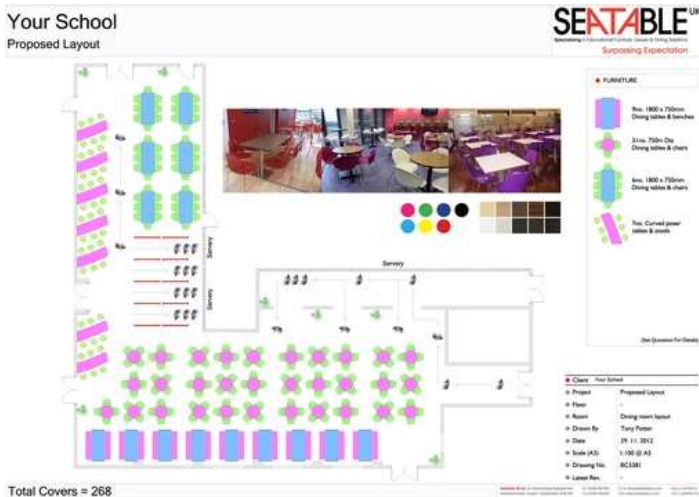

# Design

We offer full interior design services benefiting a range of spaces including workplace, hospitality, education and more including planning with full project management to help you envisage your scheme.

Within our consultancy services we offer a full site survey, consultation and space planning all included.
